

# HOME-LEARNING LINK

## WEEK 19

In Week 19, we will DISCOVER the HOMES of many animals across the countryside. Some animals have a REST during the day, some animals live UNDER the ground and some animals can only be seen if you look really, really closely.

### ONLINE CHALLENGE OF THE WEEK:

Search for videos about all the different animals that live in the countryside. Discuss which animals you have seen before.

## THIS WEEK'S SPECIAL WORDS

### HOME

Your **HOME** is the place where you live.

### REST

When you sit or lie down quietly and do nothing for a while, you **REST**.

### UNDER

When something is below or beneath something, it is **UNDER** it.

### DISCOVER

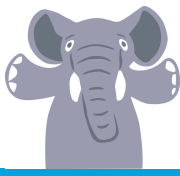

When you find out about something or see it for the first time, you **DISCOVER** it.

# HOME LEARNING CHALLENGE

**WE HAVE PREPARED SOME FUN ACTIVITIES TO DO AT HOME!**

Choose your child's favourite toy. Ask your child to help you prepare a lovely home for their toy where they can rest. Discuss what you may need to make the toy's home comfortable.

**Do these activities at home!**

- ✦ Time for treasure hunt! Hide toys UNDER surfaces like table and bed. How many can your child DISCOVER?
- ✦ Go outside for a walk. Take your time and observe the animals, insects and habitats in your surroundings. Talk about what you observe, and ask your child lots of questions about what you see. Don't forget to look UNDER rocks and leaves. What will you DISCOVER?
