Summer 2 Nursery: What happened to Jack's beans?

The children will be using their letter sounds to write labels or captions for pictures from the stories. They will have the opportunity to understand different parts of a plant and also grow and look after plants.

WOW	Grow and care for plants grown in the Nursery.	**Parents/Carers:** Grow some small plants at home on a window ledge or in a pot outdoors. Encourage your child to look after the plant and watch as it changes as the plant grows.
LC1	Where do flowers come from?	
LC2	Can we grow really big flowers?
